The New York Herald was founded by James Gordon Bennett in 1835. It remained the sole property of its founder until his death, in 1872, when his son, also James Gordon Bennett, succeeded to the ownership of the paper, which remained in his hands until his death, in 1918. THE HERALD became the property of Frank A. Munsey, its present owner, in 1920.

In his message to Congress the world's petroleum supplies." were seen during the past season by on Tuesday he recommended an apmembers of the Montclair Bird Club propriation necessary to supply 10,-000,000 bushels of corn to the American Relief Administration's Russian forces. The President states the case briefly and clearly:

"A severe drought: in the valley of the Volga has plunged 15,000,000 people into grievous famine. Our voluntary agencies are exerting themselves to the utmost to save the lives of children in this area, but it is now evident that unless relief is afforded the loss of life will extend into many millions. America cannot be deaf to such a call as that.

"We do not recognize the Govern ment of Russia, nor tolerate the propaganda which emanates therefrom, but we do not forget the traditions of Russian friendship. We may put aside our consideration of all international politics and fundamental differences in government. The big thing is the call of the suffering and the dying."

Congress ought to follow the Pres ident's suggestion immediately. The emergency is so great that every day's delay means hundreds, perhaps thousands, of deaths among women and children.

mcre detailed form to the above mentioned interests and also to the municipal authorities, requesting their cooperation, there was immediately noticeable a lessening of the oil pollution evil. From daily inspections by myself and the deputy inspectors of this office it is evident there has been such marked improvement, that I feel safe in stating that the waters immediately in the vicinity of Manhattan Island and along the Brooklyn shores are to-day freer from oil pollution than at
